

_____ 's
Story

My name is _____.

I enjoy school and want to do well.

I know the answers to many questions.

But, it is important that I remember to raise my hand and wait to talk until the teacher calls my name.

It is important that I keep my bottom
in my seat when I am supposed to.

It is important that I treat others
kindly and keep my hands and feet
to myself.

It is important that follow directions
and treat the teacher and others
with respect.

Then, everyone can enjoy
school together!

Then, I will get stamps on my contract! I will get to listen to stories, learn, and play with my friends! I can do it!

The End!
