

Dear Family,

This year, our class has been using many educational resources from HeidiSongs.com. In fact, if your child has been coming home singing spelling songs to you, they probably came from HeidiSongs.com! HeidiSongs is a great resource for educational products that children enjoy, so be sure to check out this website for CDs, DVDs, worksheets, and other products to help your child learn at home, especially during holidays and vacations.

Below are the items I recommend for the children in our class to help them continue learning over the summer:

Thank you, and have a happy summer!

Your Child's Teacher
