

AUTUMN WINTER 2022/23 FULL CIRCLE

This season, we come 'Full Circle' with an inspired edit that reflects the People, Places, Products and Provenance associated with our brand - a global company with a local heart.

In the months that see us celebrate an incredible 225 years of manufacturing excellence, we present the best of our exquisite craftsmanship in a carefully curated collection showcasing our fine Cashmere and Merino Wool fibres, our most-loved silhouettes and the pure luxury of our unique handles and finishes.

MADE IN SCOTLAND

After more than two centuries of perfecting our craft, we are proud to say we are still entirely Made in Scotland. Our designers draw colour inspiration from the natural landscapes surrounding our Scottish mills, contrasting elegant neutrals with the muted greens and purples of Highland estates, the fiery reds and golden ochres of autumn and the pastel shades of our biting winters. This season, we complement these designs with unique tapestry-inspired heroes that tell the story of our heritage.

Our values have held fast since 1797, and we carry them with us as we look ahead to the next 225 years, creating luxurious wardrobe staples that will stand the test of time.
