- F. CAP

OPERATING INSTRUCTIONS

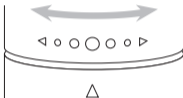

1. Remove the scent stick by twisting the cap counterclockwise (the cap is on the opposite side of the scent intensity control).
2. Add 3-5 drops of your favourite diffuser blend to the scent stick.
3. Put the scent stick back in the Aroma Ride refill holder and close it by turning the cap clockwise.
4. Twist the scent intensity control to set the desired aroma experience. The largest dot leaves the scent stick fully exposed and gives you the highest aroma experience; the smallest dot leaves the scent stick partially exposed, reducing the aroma's intensity.

Align the scent intensity indicator with the arrow on the refill holder:

LARGEST DOT: High aroma

MIDDLE DOT: Moderate aroma

SMALL DOT: Low aroma

5. Make sure to use a new scent stick whenever you want to experience a new aroma.
6. Follow the same steps for scent stick change or to reapply the diffuser blend.

PLEASE NOTE: AROMA LASTING DEPENDS ON THE NUMBER OF DROPS AND THE SPECIFICS OF EACH BLEND.
