20 Amp, Wiring Module for Lev-Lok Single Pole Toggle Switches

20 Amp, 347V AC Max, Wiring Module for Lev-Lok Single Pole Toggle Switches, 3 Wire, Black 6" Solid Wire Leads - YELLOW

The Lev-Lok® Modular Wiring Device System is engineered for fast and easy installation. These devices employ a simple twist and lock wiring module that ensures a safe, reliable connection while at the same time providing for extremely fast and easy installation. Lev-Lok brand wiring devices address the reliability and performance concerns of specification engineers without sacrificing the contractor's need for fast, easy installation. Available in extra heavy duty hospital and industrial grades, and heavy duty commercial grade platforms.

Technical Information

Applicable Standards

UL Listed : File E7458

Material Specifications

Contacts : Solid Brass

Housing Material :
Polycarbonate

Mechanical Specifications

Wire Leads : 6" THHN

Product Features

Brand : Lev-Lok

Device Type : Wiring Module
