

SmartScoot™

World's Best Travel Mobility Scooter

Model S1500

SmartScoot™ is an innovative, easy to use, durable, lightweight and foldable scooter for people who lead an active lifestyle, but sometimes need a little assistance getting around. Whether at airports, grocery stores, shopping malls, parks, at home or on vacation, SmartScoot™ makes your travels easier!

Innovative Design

The SmartScoot™ mobility scooter is easy to fold, collapse and lock in place in seconds. One of the major benefits of SmartScoot™ is that it can easily fit in most automobile trunks and in all SUVs and vans to take with you on the go.

Airport and Airline Approved

SmartScoot™ is approved for airline travel on most major airlines. Simply ride your SmartScoot™ through the airport and directly to the gate. When you reach your destination, your SmartScoot™ will be waiting for you at the gate.

Maximum Performance

SmartScoot™ incorporates a forward and reverse mode, low, medium and high speed settings and battery strength indicator. Its weather resistant front wheel drive motor has both a disc brake and parking brake. The LED headlight and horn make travel safer and easier.

Durable Lightweight Construction

SmartScoot™ is constructed of stainless steel for increased strength and durability but, due to its unique design, weighs less than **40 lbs.** To lighten your scooter for ease in lifting, simply pull off the seat and battery and the weight is reduced to **27 lbs.**

SmartScoot's Retail Price is **\$2299**
and includes **FREE SHIPPING!**

Extended Battery Life Technology

SmartScoot™ is powered by a removable, advanced, rechargeable Lithium Ion battery, which is made to travel up to 12 miles on a single charge.

Made for Comfort and Stability

With a fully adjustable steering column, seat, backrest and rear wheels, the SmartScoot™ provides maximum comfort and stability for those up to 250 lbs.

Storage Solutions

Your SmartScoot™ comes standard with 2 cane holders, removable luggage rack for carrying a briefcase or carry-on bag and a wire basket for holding groceries or personal belongings. A headlight, battery and charger are also included.
