This price list will be updated as new products are released. Thank you for ordering Bio HerboloQi.					

Thank you for applying for a practitioner apothecary wholesale account with us. Here's what your practitioner account includes:

- You will get **40- 55% off all Bio HerboloQi** products for a practitioner wholesale account.
- Please contact us if you want to be a distributor for your country OR if you have a practitioner supplies store.
- Contact us via email for bulk orders of 50+ units of any product. [hello@bioherboloqi.com](mailto:hello@bioherboloqi.com)
- You have permission to resell our products if you practice in a clinic, have an apothecary or practitioner supplies store. We request that you read our resale agreement first so it works for all of us. See below.

We aim for our products to help make Chinese medicine more accessible. We also aim to help you make more money in your clinic or apothecary as we all help to grow our industry. The main method we have for protecting this, is through a win-win strategy for our industry. We ask that you observe our resale policy so that the focus of good medicine does not get shifted onto unauthorized bulk sales on amazon etc. We prefer it if you, the qualified practitioners, are the main people who can resell these products directly to your clients and patients.

#### **Bio HerboloQi LLC RESALE AND REPACKAGING POLICY AGREEMENT:**

Bio HerboloQi LLC requires that its products be sold or distributed in compliance with the following resale policy.

- You agree to resell or distribute Bio HerboloQi products only to individual customers or friends of your clinic or apothecary. (Not business to business. Refer businesses who are seeking wholesale pricing to us).
- ***Please contact us if you are interested in distribution for your country OR to other businesses or if you have a practitioner supplies shop, not a clinic. We have a different option for you.*** If you are a practitioner supplier stockist we will create an agreement with you to sell to other practitioners matching our wholesale rates.
- You agree not to advertise or publicly display any information about our wholesale or bulk pricing.

- You may price the products as you choose. We request that you do not sell our products in an online store at an amount below the price we sell them for online in our retail webshop. We would like to acknowledge that maintaining fair retail pricing protects the capacity for all our practitioners to continue to earn from our products, which were created by someone in our industry, for people in our industry. Our recommended retail pricing (MSRP) starts at the original pricing shown on our website before practitioner discounts are applied. It is standard to double your cost.
- Repackaging of Bio HerboloQi products is not allowed in any form. All products, including sample sizes must remain in their original Bio HerboloQi packaging. Sealed products must remain sealed until they are opened by the final user. Repackaging and / or relabeling of Bio HerboloQi products is illegal as this is not a white labeling contract. All Bio HerboloQi products are branded and may only be distributed or sold as is. The products are required to stay in their original package for proprietary ownership rights of the creator, as well as for insurance and liability purposes. This protects you as a reseller too.
- Bio HerboloQi cannot guarantee any 3rd party repackaging is done according to GMP, as to do so all safety seals would have to be broken and then items have been tampered with. We cannot control if they've been handled properly, stored properly with temperature, oxygen exposure or other conditions that may interfere with product stability and integrity. Once the product is sealed, it must remain sealed until the final user decides to open it.
- This version of our resale policy and agreement is effective as of June, 2020. We reserve the right to close any customer accounts if they have not been adhering to these policies.

THANK YOU for signing up with us. We are growing with you, as you grow with us.
