

CNC INSTANT SOLENOID KIT (2 SOLENOIDS)

**COMPLETE
KIT**

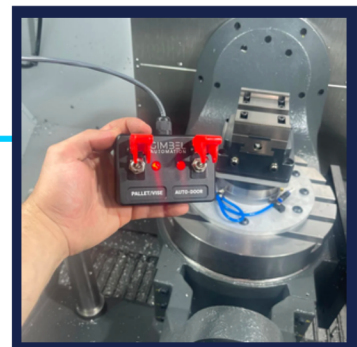

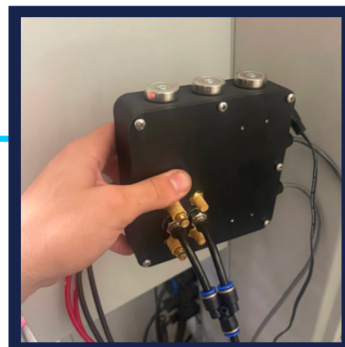

FROM \$449

Instant Solenoid Kit Benefits

- Works on **Any CNC Machine or Robot**
- Provides Two Two-Channel Solenoids
- Use M-Codes or Manual Control (w/ Pendant)
- Installs in **5 Minutes**

Instant Solenoid Kit Features

- **Optional Manual Pendant**
- Fast Integration with Any Machine Tool or Robot
- Magnetic Mounting Base
- Magnetic Pendant

Our **Instant Solenoid Kit** is the first product on the market to give you M-Code Programmable M-codes in minutes! With this kit, you simply plug in the two Phoenix-style connectors to the relays on your machine, plug in the small power supply, and you have fully-programmable air with two fully-independent solenoids. Be sure to buy the optional Manual Pendant to have manual solenoid control, too!

Universal for All Machine Tools & Robot Systems

Complete Kit Includes:

- 1x Double Instant Solenoid Box
- 1x 12V Power Supply (120V AC Input)
- 1x Manual-Control Pendant (Optional)

Technical Specs
