

# Saddlebag Instructions

1) Locate the supplied metal L shaped anchor brackets that are listed for your bike.

2) Remove your seat.

3) Install these four brackets between your struts and your fender. ( **See image A** )

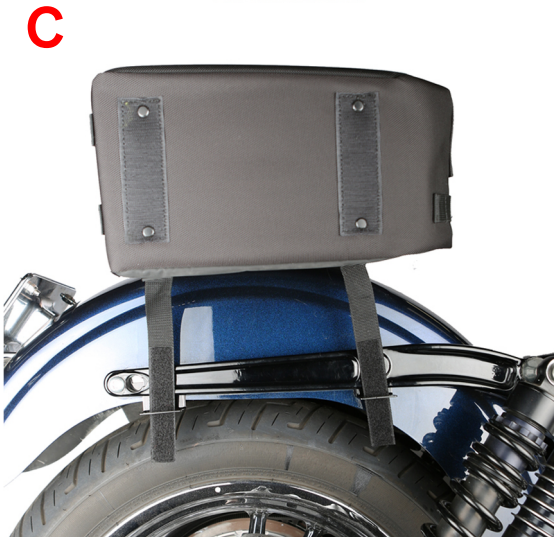

4) Lay your Essential or Escape Saddlebags over your fender - adjust the width of the bags as needed to fit your fender size so that your bags sit level. ( **See image B** )

5) Locate the velcro straps attached to the bottom sides of the bags. Loop velcro straps through the installed anchor brackets. ( **See image C** )

6) Replace your seat.

7) Tighten the velcro straps attached to the bottom sides of the bags and enjoy your Essential or Escape Saddlebags!
