

2021 SYRAH NORTH COAST

48% Sonoma County, 26% Yorkville Highlands,
26% Mendocino

What happens when we take our single vineyard Syrahs from Hawks Butte and Alder Springs and blend in the soul of Sonoma County... in 2021 our North Coast Syrah did just this. The result? A wine that sings with the harmonious union of rocky, rugged, elevated, and windswept landscapes we adore. To capture the vibrant acidity and cool climate nuances, we hand-picked the Syrah grapes early, preserving their essence. The whole grape clusters were foot-stomped and fermented with native yeasts. Each vineyard site was harvested at different times, fermented individually, and aged on their own in neutral barriques. Once ready, we blended each site together prior to bottling. The result is a wine that harmonizes the distinct qualities of each terroir, creating a symphony of floral, herbal, and spicy elements. The 2021 North Coast Syrah is a wine that invites you to indulge in its elegance, revealing layer upon layer of captivating flavors.
