Planted in 2008 entirely to Alban clone Grenache, the property serves as a weekend retreat to friends Leif & Kimmy Hertzog, and Whit Latimer. 87 gently sloping rows canvas the classic Santa Ynez fine sandy loam, and encourage many layers of expression to shine.

Native ferment, foot-tread daily for 15 days, pressed on day 16., 47% whole cluster, 11 months èlevage in neutral french 220L and 500L barrique

Tasting notes: Kardemummabulle, anise and clove.
