##### a. Identifying Incidents

While some incidents are obvious (eg a client fall) it is also important to understand that not all incidents may be so readily identified. Section 3.1 of the [NDIS Commission Incident Management Systems: Detailed Guidance for Registered NDIS Providers June 2019](#) provides guidance to Sensory Street and its’ staff to consider potential indicators and signs associated with particular types of incidents. While it is acknowledged that this is not an exhaustive list, staff will be educated to assist them with better identifying incidents or potential incidents.

##### b. For all incidents

- Director is to be notified of all incidents
- An Incident and Complaint Report form is to be completed within 24 hours of the incident . The report must include all necessary factual details, immediate actions that have been taken, any identified / planned follow-up actions, any reports made to other bodies
- The incident is recorded in the Sensory Street Incidents and Complaints Register by the Director. Access to the register and any completed forms must be limited to senior staff only.
- Actions are to include as a minimum
  - Providing support to the affected person/s
  - Consideration by Directors / Management if the incident is reportable and if police / other agencies should be involved, and actions then taken as appropriate

  - Any 'Notifiable' incident (refer to Appendices A and B for what needs to be reported, to whom and how)
  - Any mandatory report made (see Section 6 below)

## Group D Older clients *aged 65 and over*

### Background

Each state and territory provides information about abuse and abuse prevention, as well as advocacy, useful contacts and options for getting help. [My Aged Care](#) includes elder abuse contacts / links for all states and territories.

An example of the excellent information available is this resource from the SA Aged Rights Advocacy Service (ARAS) *Protocol For Responding To Abuse Of Older People Living At Home In The Community 2011*. <http://www.sa.agedrights.asn.au/resources/publications>  
It provides a very useful flow chart outlining actions to take depending on level and immediacy of risk, capacity, consent. It is also has case studies and is a great resource for training.

There is also guidance if the abuse happens in residential care facilities

<https://agedcare.health.gov.au/ensuring-quality/aged-care-quality-and-compliance/guide-for-reporting-reportable-assaults>

### Specific requirements for clients aged over 65

- I. If you witness, are told about or suspect elder abuse is occurring, seek advice from either
  - a. The national 1800 ELDERHelp (1800 353 374) line (freecall). They provide information on how you or the person involved can get help, support and get referrals.

### Workers

Also note, If a **worker** is harmed you will need to report to Worksafe Victoria

<https://www.worksafe.vic.gov.au/>

## incidents

### “How to notify the NDIS Commission of a Reportable Incident from 1 July 2019

There are key steps for registered NDIS providers to notify the NDIS Commission about reportable incidents. These are outlined below.

From 1 July 2019 registered NDIS Providers in ACT, SA, NSW, NT, QLD, TAS and VIC should use the [NDIS Commission Portal](#) 'My Reportable Incidents' page to notify and manage all reportable incidents.

#### **STEP 1. Notify the NDIS Commission**

- The Immediate Notification Form must be submitted via the [NDIS Commission Portal](#) **within 24 hours** of key personnel becoming aware of a reportable incident or allegation.
- The Immediate Notification Form includes a number of sections and questions, concerning details of the reportable incident, actions taken in response to the incident and the individuals involved in the incident.
- An exception to this rule is notifying the NDIS Commission of the use of a restrictive practice that is unauthorised or not in accordance with a behavior support plan. In these instances, the provider must notify the NDIS Commission within five business days of being made aware of the incident. If however, the incident has resulted in harm to a person with disability, it must be reported within 24 hours.
- To notify the NDIS Commission of an incident the authorised 'Notifier' or 'Approver' needs to login to the NDIS Commission Portal and select 'My Reportable Incidents' tile at the top of the screen. From here, you will be able to complete an Immediate Notification Form.
- The NDIS Commission suggests the '**Authorised Reportable Incidents Approver**' is the person you want to have the authority to review and be responsible for submission to the NDIS Commission. This could be the person specified in your incident management system who is responsible for reporting incidents to the NDIS Commission. The authorised 'Approver' will have the ability to submit new Reportable Incidents and view previous Reportable Incidents submitted by their organisation.
- The NDIS Commission suggests the '**Authorised Reportable Incidents Notifier**' is a supporting team member who can assist the 'Authorised Reportable Incidents Approver' to collate and report the required information. The authorised 'Notifier' will have the ability to create new Reportable Incident notifications to be saved as a draft for review and submission by the authorised 'Approver'. The authorised 'Notifier' will need to inform the authorised 'Approver' that the Incident is awaiting their review and submission. The 'Notifier' can also view past Reportable Incidents they have created through the page.

#### **STEP 2: Submit a 5 Day Form**

- The 5 Day form must be submitted via the 'My Reportable Incidents' portal **within five business days** of key personnel becoming aware of a reportable Incident. This provides additional information and actions taken by the NDIS registered provider.
- The five-day form is also to be used for incidents involving the unauthorised use of a restrictive practice, other than those resulting in immediate harm of a person with disability.

#### **STEP 3. Submit a final report, if required**

- You may be required to provide a **final report**. When this is the case, the NDIS Commission will notify you via email and tell you the date this is due.
- If you are required to submit a final report, you will have access to the final report fields on the NDIS Commission Portal for that incident.

There are key considerations for registered NDIS providers. In all cases, providers must assess:

- The impact on the NDIS participant.
- Whether the incident could have been prevented.
- How the incident was managed and resolved.
- What, if any, changes will prevent further similar events occurring.
- Whether other persons or bodies need to be notified.

Where appropriate, the NDIS Commission may require a provider to take remedial measures. The NDIS Commission may work with the provider to implement these measures, and monitor progress. Remedial measures may include, but are not limited to, additional staff training and development or improved services to support NDIS participants and updating policies and procedures.

For further information including hints and tips, please refer to the [Reportable Incidents Frequently Asked Questions](#).”

If you are unable to login to make a report, got to website referred to at the top of this box and follow the outlined steps.
