

# PREPARE BEFORE THE STORM HITS

## SHORT GUIDE

As **hurricane season** approaches, it's crucial for Florida homeowners to **prepare for potential storms**. Here's a short guide of what you need to look out for.

## BE AWARE OF THESE DATES:

Hurricane Season

June 1st to November 30th

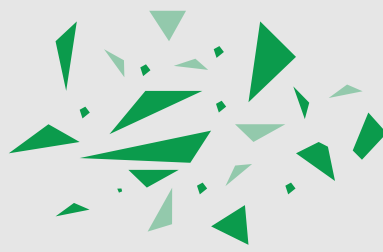

Peak Activity

Between August and October

## WHAT ARE THE RISKS TO YOUR HOME?

Structural damage from strong winds

Flying debris

Flooding caused by storm surges or heavy rainfall

Weak roofs or windows can compromise the integrity of the **entire structure** of your home.

# CHECKLIST OF ESSENTIAL PREPARATIONS BEFORE HURRICANE SEASON:

- Assess Windows and Doors:** Install hurricane resistant windows and doors to protect against wind and debris.
- Check Roof Condition:** Make sure your roof is in good condition by inspecting for loose or damaged shingles and changing it promptly if needed.
- Trim Trees and Shrubs:** Prune trees and shrubs to remove dead branches and reduce the risk of them falling on your home during a storm.
- Secure Outdoor Furniture:** Store or secure outdoor furniture, grills, and other items that could become projectiles in high winds.
- Clear Gutters:** Keep gutters and downspouts clear of debris to prevent water from backing up and causing roof leaks or flooding.

## IMPORTANCE OF

## IMPACT WINDOWS AND A STEADY ROOF

Investing in impact windows can provide crucial protection against hurricanes and flying debris, reducing the risk of structural damage and protecting your family and belongings.

A sturdy roof is essential for preventing water intrusion and maintaining the integrity of your home during severe weather.

# HURRICANE READY

**HOMES PROGRAM**

## ACCESS SPONSORED STATE PROGRAMS TO PROTECT YOUR HOME

Introducing: **The Hurricane-Ready Homes Program.** This **program** is designed to support the entire **South Florida community in protecting their homes and families from hurricanes and storms** - no matter their budget.
