PERFORMANCE MADE BETTER

ANTI-SLIP TILE

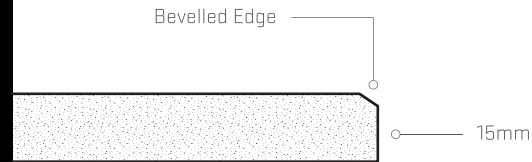

Built for the grind, the BLK BOX tile offers a low - cost solution for dynamic training environments.

With modular 1m x 1m x 15mm dimensions these tiles are easily fitted and can be cut to shape, fitting seamlessly into asymmetric spaces and around floor fixings.

Embedded with anti-slip properties, the BLK BOX tile will stay fixed and true to its name, ensuring safe performance for all who train on it.

FEATURES

Colour: Black
Weight: 15kg
Tile Size: 1000mm x 1000mm
Thickness: 15mm
Other Features: Bevelled edge, no adhesives required

ARMOUR

The Armour tile is a 610mm x 610mm tile, engineered for maximum shock absorption.

This product can withstand anything you throw at it or drop on it. The Armour tile offers a unique moulded base which combines the durability and resilience of rubber and a quad block fastening system, allowing the tiles to be moved or replaced easily. The Armour tile also offers an air layer which produces excellent acoustic characteristics.

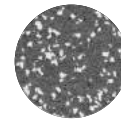

FEATURES

Product Type: Rubber tile
Material: 100% recycled SBR & EPDM granules bound
Thickness: 25mm
Dimensions: 610mm x 610mm
Tile Standard Tolerance:
Width: ± 3.1 mm Thickness: ± 3.1 mm
