

7-1/2' HALF CHUTE INSTRUCTIONS

With a lightweight, portable design, this half chute is perfect for taking to shows. With more working space than a traditional chute, it's the ideal choice when you want to fit many head of cattle in a short amount of time. This fitting workhorse is easy to haul, easy to set up and tear down and easy to store.

Set-Up Instructions:

1. Remove **Hinge Pins (A)** on both the right and left side as shown in **Figure 1**.
2. Lift **Head Piece (B)** and secure right side with the **Hinge Pin (A)** that you just removed as shown in **Figures 2 and 3**. Repeat procedure on left side.
3. Remove **Hinge Pins (A)** from **Head Piece (B)**.
4. Lift the front of the chute up as shown in **Figures 4 and 5** and secure with Hinge Pin (**A**) on bottom left side as shown in **Figure 6**.

5. Repeat procedure on right side. The chute now looks like **Figure 7**.
6. Slide **Side Arms (C)** out of the both the left and the right side of the chute's base as shown in **Figures 8 and 9**.
7. With the handle on the **Side Arm (C)** facing down, slide the opposite end under the metal arm at the top as shown in **Figure 10**.
8. Insert the handled end of the **Side Arm (C)** into the desired hole on the base of the chute as shown in **Figure 11**.
9. Repeat steps 7 and 8 on the opposite side. The assembled chute is shown in **Figure 12**.
