

Front Elevation

Side Elevation

PRODUCT DETAILS:

- Emits light at a downward angle in one direction.
- Available with eased or drawknife corner detail.
- Pending UL certification.
- Suitable for use in wet environments.
- Bollard is mounted to a metal base secured into concrete.
- Bandsawn finish lamps are sawn to dimension by bandsaw which leaves a textured finish. Great for customers who want a classic look.
- Smooth finish lamps are sanded to a consistent texture, very smooth to the touch. Great for customers who want a near perfect finish.

CLARK FORK COLLECTION

LAMP 323

Lamp 323 is a beautifully crafted landscape light, made from the highest quality Western Red Cedar. This lamp features a cross that bisects the lamp on two sides, creating a unique design that beautifully diffuses light through four frosted windows. Designed to withstand the elements, Lamp 323 is an excellent addition to any outdoor walkway or landscape, combining durability and aesthetic appeal.
