

PRODUCT DETAILS:

- Emits light from the four corners of the bollard.
- Available with eased or drawknife corner detail.
- Pending UL certification.
- Suitable for use in wet environments.
- Bandsawn finish lamps are sawn to dimension by bandsaw which leaves a textured finish. Great for customers who want a classic look.
- Smooth finish lamps are sanded to a consistent texture, very smooth to the touch. Great for customers who want a near perfect finish.

CLARK FORK COLLECTION

LAMP 333

Lamp 333 embodies the classic mission style of Frank Lloyd Wright in a landscape light. Constructed with exceptional craftsmanship from top-quality Western Red Cedar, Lamp 333 is perfect for illuminating your outdoor landscapes or walkways. A cross bisects the lens on four sides, providing further light diffusion and enhancing the ambiance of any setting. The short profile works best to blend into the scenery surrounding the bollard.
