

INSTALLATION INSTRUCTIONS: WALL SCONCES WITH TOP CAPS (LIDS) – APPROPRIATE FOR WET LOCATIONS

These instructions apply to Idaho Wood Lamps 258, 268, 270 and 282, with top caps (lids).

BE SURE ELECTRICITY IS OFF!

NOTE: Wet location fixtures should use a waterproof electrical box. Wet locations are those which are *not covered* by eaves. This light is intended for installation more than three (3) feet above ground level. Max wattage is 25W (LED or incandescent).

Your Lamp has been handcrafted to exacting standards of craftsmanship. It is made of top quality, sustainably sourced western red cedar. We hope you enjoy its light and beauty—the entire IW team is grateful for your business!
