

# Come Visit us AT OUR FARM

where work is in Acres not in Hours

Pethapur, Gandhinagar

### **About Sattvishtik**

Sattvishtik Wellness Farms Private Limited
- a self-sustained farm, bringing back life to the soil and environment, spread over 4 acres of land on the outskirts of Gandhinagar, is home to the Gir cows. Gir cows are one of the principal zebu breeds that originate in India. These cows, best known for their milk producing qualities, are home bred at our farms. At Sattvishtik we follow the traditional methods of cow based natural farming and uses zero chemicals. We use fertilizers and pesticides that are derived from "Gomutra" (cow urine) and "Gobar" (cow dung) of the Gir cows.

# Curious To Know More About The Desi Cows & Organic Farming?

Sattvishtik Wellness Farms is the place for you.
Our farm is spread over 4 acres of lush green open land in Gandhinagar with natural surroundings reminiscent of the rural and rustic India. Visit us and experience the magic unfold with you and your loved ones. You will gain hands-on experience with cows, dairy activities and organic farming. Our over enthusiastic director and wellness freak

Mrs. Anjali Ranka will be available to welcome you & walk you around the farm.
