INFORMATION FOR STUDENTS

TRIO programs help students across the country get to college, succeed in college, graduate, and get an awesome career.

Student Support Services (SSS) is a TRIO program that has been helping college students like you achieve their college goals since 1968. Many successful athletes, scientists politicians, and entertainers got their start in an SSS program. Here's how SSS can help you achieve your dreams!

WHY JOIN SSS?

SSS is more than tutoring and advising. It is also a community of learners that will assist and support you during your college journey.

Here are just some of the reasons you should join Student Support Services.

SSS will help you graduate from college.

SSS can help you earn your college degree by providing academic tutoring and instruction, advice on course selection, help with financial aid applications, and more.

SSS helps you make friends and find your community. Succeeding in college is about more than going to class and studying. It's also about connecting with people and having a support system. SSS is a community of learners who know how you feel, where you're coming from, and what kind of support to offer.

SSS teaches you skills you will use forever. In addition to learning academic skills that will help you succeed in college, you'll also learn skills that will benefit you after college, such as resume writing, networking, interviewing skills, and money management.

SSS is fun! Participating in SSS means you get to enjoy social events, field trips, workshops, and recreational activities—all for free!

SSS Works!
