

4XEM 30,000 mAh Mobile Solar Power Bank and Charger (Red)

4XEM Part- 4XSOLARPWR30RD

Introducing the 4XEM 30,000mAh Mobile Solar Power Bank and Charger in warm Red. Designed with cutting-edge technology, this power bank is your ultimate companion for staying charged on the go. With multiple power output ports including 1x USB Type-C, 2x USB Type-A, and 1x Qi-Compliant Wireless Charging Coil, you can effortlessly charge multiple devices simultaneously.

The 30,000mAh rechargeable lithium-ion battery ensures that you have ample power for your devices whenever you need it. Equipped with a USB Type-C, Micro-USB, and even a Solar Panel power input ports, you have the flexibility to charge the power bank through various sources.

**Solar Chargers are not as effective when placed on car dash due to UV protection found in most car windshields. Will charge power but at a greatly reduced speed.*

Benefits

- **Reliable Power Source:** With a high-capacity 30,000mAh lithium-ion battery, this power bank provides reliable and long-lasting power for your devices. You can charge smartphones, tablets, smartwatches, and more multiple times without worrying about running out of battery.
- **Versatile Charging Options:** The power bank features multiple power output ports, including USB Type-C and Type-A, as well as a Qi-compliant wireless charging coil. This versatility allows you to charge different devices simultaneously, catering to your diverse charging needs.
- **Portable and Durable Design:** Designed with a compact size and lightweight construction, the power bank is easy to carry with you wherever you go. Its rugged build using ABS and PC materials ensures durability, making it suitable for outdoor adventures and rough environments.
- **Convenient Solar Charging:** The inclusion of a solar panel power input port enables you to harness the power of the sun to charge your power bank. This feature is particularly useful when you're in remote areas or during outdoor activities where access to traditional power sources may be limited.
- **LED Indicators and Flashlight:** The battery level indicator LEDs on the power bank allow you to easily monitor the remaining charge, so you know when it's time to recharge. Additionally, the built-in 4-LED flashlight with SOS and Caution modes serves as a handy tool during emergencies or in low-light situations.
- **Weather and Environment Resistance:** The power bank's waterproof (IP54), dustproof, and shockproof design ensures its durability even in challenging conditions. Whether you're traveling, camping, or engaging in outdoor activities, this power bank can withstand the elements.
