

4XEM Single Bay External Hard Drive Docking Station

4XEM Part- 4XST333U

4XEM has crafted a station that is the ideal aid to your storage issues. This single bay docking station offers you a way to keep your storage device organized, safe and connected. Boasting a non-fixed drive installation, you can effortlessly swap out drives on the go, thanks to its hot swapping capability. With a USB-C 3.0 connection the dock adds high-speed data transfer rates (up to 5Gbps), so you never have to wait long for your files. Compatible with a variety of SATA storage devices (HDD 3.5"/SATA HDD/SSD) this station is as versatile as you need it to be. Set up your storage easily, without tools, and get your workstation or home theatre backed-up and ready to go with this Single Bay Docking Station.

Problem it solves: Storage expansion has never been easier to accomplish. This station offers a way to clear space, keep your storage device safe all while offering effective and fast data transferring, and recovery from your device.

Features

- Supports USB 3.0 Type-C
- Supports a 5Gbps transfer rate
- Supports SATA 2.5" and 3.5" Drives
- USB 3.0 Bus Type Powered
- LED status light indication
- Supports Windows XP or later and Mac OS 10.2 or later
- DC 12V/2A power adapter
- Supports drive hot swapping

Application

- Home Office
- Office
- Mobile
- Storage expansion

3.5" HDD

2.5" SSD

Packaging Information	Package Type Package Height Package Width Package Length Shipping (Package) Weight	Box 5.16 in [131.1 mm] 6.50 in [165.0 mm] 4.95 in [125.8 mm] 17.99 oz [510 g]
Special Notes / Requirements	Notes	"625 MB/s is the theoretical maximum bandwidth available. Data throughput will be less due to overhead. Actual performance will also vary due to factors such as host processor, SSD/HDD used, drive buffer, and other devices sharing the same bus, etc. Real world performance is typically 450 MB/s sequential read and 450 MB/s sequential write using an SSD; 85 MB/s sequential read 85 MB/s sequential write for a 5400RPM HDD. Although 2.5" drives can be used, there is no notched flap to provide support/stability while connected to the SATA port. Device supports hot swapping drives"
What's in the Box	Included in Package	1x USB 3.0 3.5" SATA Dock 1x USB Type-A to 3.0 Type-B Cable 1x USB Type-A to Type-C Adapter 1x Power Adapter 1x User Manual
