Features/Benefits:

- **Lightning-Fast Data Transfer:** The Thunderbolt 3 (40 Gbps) host connector ensures lightning-fast data transfer speeds, allowing you to transfer large files, back up your data, and stream high-resolution media effortlessly. Say goodbye to long waiting times and enjoy a seamless workflow.
- **Versatile Display Options:** With the 2x DisplayPort 1.2 port (40 Gbps), you can connect a single monitor with astonishing 5K resolution, immersing yourself in a world of stunning visuals. Alternatively, enjoy the flexibility of dual-monitor setups with 4K UHD resolution on each screen, allowing you to multitask, compare documents, and boost your productivity.
- **Effortless Peripheral Connectivity:** The 1x USB 3.0 Type-A ports (5 Gbps) provide convenient connectivity for your favorite USB devices, such as external hard drives, keyboards, mice, and more. Now you can easily expand your workstation without the need for additional hubs or adapters.
- **High-Speed Internet Access:** Stay connected and enjoy high-speed Internet connectivity with the 1x RJ-45 port (10/100/1000 Mbps). Whether you're working from home or in the office, experience seamless online collaboration, video conferencing, and uninterrupted Internet browsing.
- **Seamless Compatibility:** The Thunderbolt 3 Dual 4K DisplayPort Mini Docking Station is compatible with both Windows 10 and Mac OSX, ensuring a hassle-free experience regardless of your preferred operating system. Switch seamlessly between platforms and enjoy the benefits of enhanced productivity and versatility.
- **Enhanced Display Connectivity:** The inclusion of 2x Active DP to HDMI adapters provides you with the flexibility to connect your DisplayPort-equipped devices to HDMI displays. Expand your connectivity options and effortlessly connect to a wide range of monitors, projectors, and TVs.

- Application**
- Home theatre
 - Small business
 - Multi-Screen Display
 - Business Presentations
