## Kevlar® Reinforced Braided Cables

DeWALT Charging Cables are reinforced with Kevlar® to withstand repeated bending and flexing. These cables last longer than other charging cables thanks to the single-piece strain relief, which reduces pressure on the connector and increases the lifespan of the cable.

## Reinforced Magnetic Vent Mount

Secure your phone to your vehicle's vent with the Reinforced Magnetic Vent Mount. The mount holds your phone in place with four N50 neodymium magnets while a rotating stainless steel ball joint allows for optimal phone positioning. Two metal plates are included to place outside a phone case, enabling a phone to attach to the vent mount (includes one small and one large mounting plate).

Heavy-duty, ruggedized exterior

Strong N50 neodymium magnets provide a secure hold

360° Rotation allows for portrait and landscape viewing

Ultra-strong clasp holds firmly to your vent

Locking steel ball joint for full range of motion

## Jobsite Pro Wearable Speaker

Small but resilient, the Jobsite Pro Wearable Speaker is ultra-compact at under 2 ounces. This lightweight speaker can attach to your apparel and gear with the sturdy "Easy-Open" clip and features a detachable mounting magnet to affix everywhere else. With an IP56 rating for water, sweat, and dust resistance, this mini speaker can withstand the harsh conditions of any jobsite. Noise suppression allows you to make and receive crystal clear calls, while the 10-hour battery life will keep you going all day.

Quickly attach to apparel with one hand thanks to the easy-open clip.

Built-in magnets allow for attachment to toolboxes and other metal objects.

Put the detachable mounting magnet behind clothes for hands-free use.
