

EV Charger cables

ORC-22-32xx SERIES

- charge your EV/PHEV that has Type 2 port with an EV charging station that has Type 2 socket / plug
- 32 Amp, 3-phase, charge EV up to 22 kW
- hand-held ergonomic design
- easy to plug
- made from thermoplastic material
- anti-flaming
- pressure-resistant
- abrasion-resistant
- Impact resistant

specifications

Model	ORC-22-3207	ORC-22-3210
Plug Type	IEC 62196 Type2	
Power supply plug	IEC 62196 Type2	
Input power	3phase 32A	
Output power	22KW	
Operational voltage	400 V/AC	
Operational temperature	-30 °C to +50 °C	
SPEC	5G6.0mm ² +2×0.5mm ²	
Degree of protection	IP55	
Vandalism-proof	No	
UV resistant	Yes	
Contacts	Copper alloy	
Cable Material	Thermoplastic	
Cable length	7m	10m
Weight	3.36kg	4.8kg
Certificate	CE	

Charger	AC	Rated Power	30kWh Battery	60kWh Battery	90kWh Battery
1 phase 16A	AC	3.6kW	8hrs	16hrs	24hrs
1 phase 32A	AC	7.2kW	4hrs	8hrs	12hrs
3 phase 32A	AC	22kW	1.5hrs	3hrs	4.5hrs
