

# Varistand Banner Stand – QUICK INSTRUCTIONS

**STEP1**  
Grab 2 of the poles with the capped tops and screw on the feet to the bottom of the poles using a screw driver. Tighten very well

**STEP2**  
Make sure to extend the side pole to open the hole to screw the pole in step 5.

**STEP3**  
Slide the graphic to side poles

**STEP4**  
Slide bottom pole (connected with 3 pole parts) to the bottom pole pocket

**STEP5**  
Unscrew and lift up the foot poles a little bit to open up the holes on the bottom of the pole near the feet.

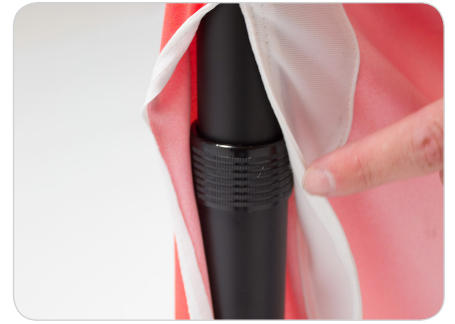

**STEP6**  
Grab the other long pole (top pole) and slide it through the top pole pocket

**STEP7**  
Screw tight with each side pole.

**STEP8**  
Extend the top and bottom pole to desired length.

**STEP9**  
Recommended one person stand on each side raising the side of the graphics to desired length.  
Start by extending the side poles to desired length by adjusting screw tighteners on the side poles.
