CUSTOM CABINETRY

Naturally Neutral

“

*Details & Design is easy to work with and will collaborate with you to bring a comfortable, elegant and unique vision to your home or space. Amanda and her team made our renovation and design project truly enjoyable. Communication with the team was responsive and easy. They listened to our needs, took time to understand how we used the spaces (or wanted to), streamlined the decision making, respected our budget and were flexible when we wanted additional work or changes as the work came to life.*

## ABOUT THE COLLECTION

At Details + Design, we love neutral tones. We believe that layering varieties of these tones and textures is what allows us to create lasting designs for our clients. The designs we create accept variations of pattern, pops of color, and the overall ability for our clients to create a unique style in their space. We are like a great pair of jeans and a classic white shirt that are never trendy and always timeless.

When building this custom line with UKB, we aimed to create special spaces that include the fundamentals but also feel very individualized. We are so proud of our door styles and the hard work that has gone into this collaboration. Together, with UKB, we have created a collection that we always yearned for and that we know will make a good kitchen design become something much more special.

# THE PROCESS

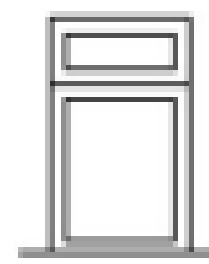

## MEASURE YOUR SPACE

\*See downloadable Measuring Guide on following page. Scan and email layout to [uniquekitchensandbaths@yahoo.com](mailto:uniquekitchensandbaths@yahoo.com)

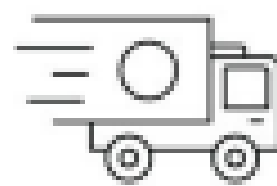

## CUSTOM DESIGN BEGINS

Once existing layout is reviewed, a design fee will be proposed at which time you can decide to proceed.

## DESIGN PACKET APPROVAL

Once design approval is achieved, an invoice will be sent and is due in full. We will send a signoff packet. Your signoff packet will include the plan and elevation list. Once order is placed, your design fee will be credited to your order.

## DELIVERY TIMELINE

Payment must be received in full before production can commence. Please allow up to 10 weeks for delivery. Delivery available across the continental USA.

### Please Note:

We are not responsible in any way for measurements you provide. We recommend you have your designer or installer verify all measurements carefully. If you are not working with a designer, please contact UKB about our referring designer list.

# STEPS TO MEASURE YOUR SPACE

---

- 1 Step One: Your Kitchen Shape**

Draw your kitchen as a box showing all walls and openings. Make sure to mark all openings with labels (ie: door, window, etc.).
- 2 Step Two: Measuring**

Go from edge to edge with a tape measure and mark everything. This includes wall lengths, opening lengths, ceiling heights and appliance spaces.
- 3 Step Three: Your Layout**

if you have an idea or change you want to make, let us know! Feel free to draw your ideas of what you would like to include in your new kitchen.
- 4 Step Four: Appliances**

Make note of the sizes and specs of any appliances you have or plan on purchasing for your new kitchen.

# MEASURING GUIDE

Who can we thank for your referral? .....

A large grid of graph paper for taking measurements. The grid consists of 20 columns and 20 rows of small squares. A vertical line is drawn between the 10th and 11th columns, and a horizontal line is drawn between the 10th and 11th rows, creating a central cross that divides the grid into four quadrants.
