SHANGIES BY STILOV

Shangies by Stilov is a Danish brand founded by Maria Stilov with a clear desire to create beautiful timeless pieces for the whole family, using high quality, durable and comfortable materials.

It has been fascinating for me to create a brand that has been so well received, not only in Denmark, but with retailers all around the world. Today, we deliver to hand-picked, unique retailers in more than 30 countries.

I hope you share our love for Shangies.

SHANGIES BENEFITS

What's your favourite thing about Shangies?

The soft straps ensure that the sandals sit great on your feet whether you sit, stand or walk a lot throughout the day.

Shangies are made with breathable jute soles while the outer sole is made from reusable EVA - a durable and light material which provides great suspension to prevent sore feet.
