FEATURES

The SMRT-3B-WIRELESS WALL SWITCH is a wireless 3 button wall switch capable of On/Off and raising and lowering the light levels. It is battery powered and houses 1, CR2032 battery with a life of about 5 years, depending on usage. It can be mounted in a wall, (no Junction Box required, check your local codes), or sit on a desktop and be used as a remote. It is configurable in our SMRT Bluetooth app.

DIMENSIONS / WIRING / DETAILS

① ON/OFF
② Dim Up
③ Dim Down

Wall Switch Configuration:
1) Install CR2032 Battery by opening back cover.
2) Press button 1 and button 2 together and hold for 2 seconds to enter pairing mode, or to achieve reset function. Now the switch can be scanned in the next 30 seconds.
3) In the SMRT App "Switch" page, click to add the switch.
4) Select the light/light group to be controlled by this switch.
