Animal Presentation Topics: (Check which one you want)

- Animal Essentials:
 - Choose to have a general animal lesson over viewing characteristics and habitats of mammals, reptiles, amphibians, fish, and/or birds.
- Creepy Crawlies
 - Did you know that over 95% of all animals are spineless? Some even have skeletons on the outside of their bodies! Take some time to examine some of these amazing animals and discover why they are so important to life as we know it.
- Here Today, Gone Tomorrow?
 - What is the difference between an endangered and a vulnerable species? What are some of the most prevalent endangered animals that exist? Take a look at the causes of species extinction and what zoos and scientists are doing to recover species populations!
- Home Sweet Habitat
 - Learn about animal homes, the other items needed to survive, and explore a variety of habitats/biomes from around the world including the animals that live there!
