ALU LIGHT

LINE STANDS

The Alu Light Line is the price winner in all the Aluminium Double Standards. With its functional and straightforward design, the Alu Light Line is the perfect entry product for every paddock. Crafted with utmost precision and engineered to perfection, this horse jump combines innovation with functionality, guaranteeing the easiest setups for your training.

ALU-LIGHT LINE "DIAGONAL"

ID: ALL_001

Width: 50cm

Height: 160cm

Weight: 7kg

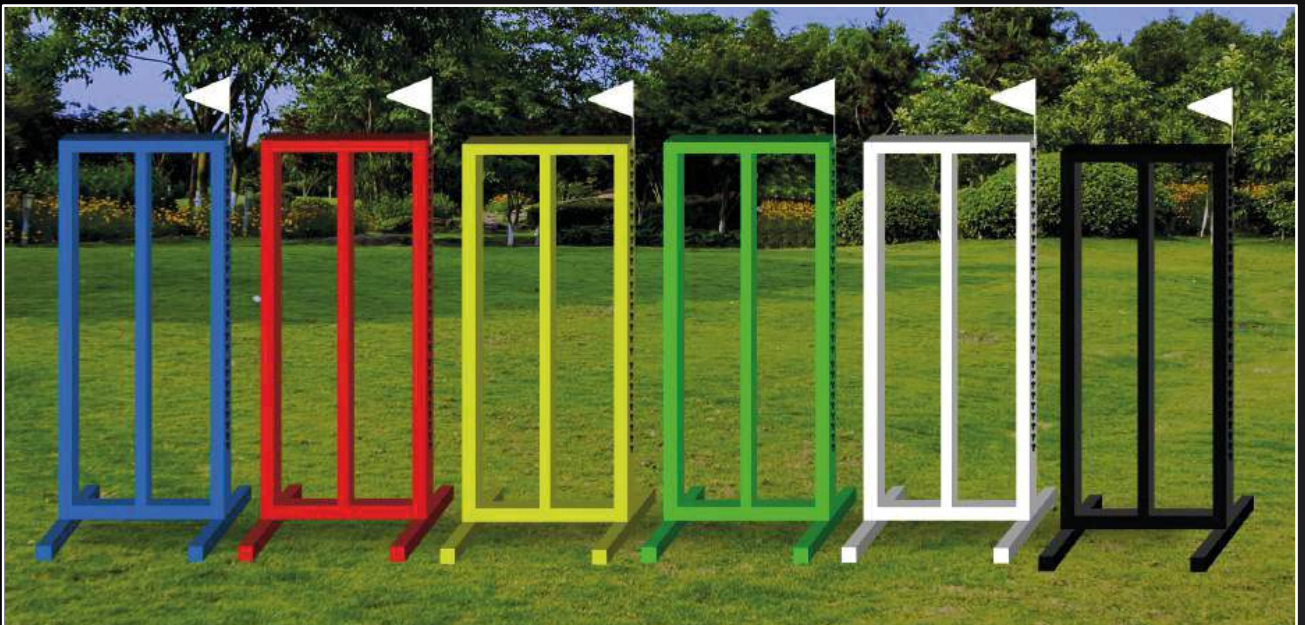

Manufacturing Technology:

Laser welded aluminium with double powder coating
The rounded aluminium has no sharp edges and prevents injuries.

Available Colours: raw aluminium, white, black, red, green, blue, yellow (available any of RAL colour chart - individual pricing)

Price: 162€ (without VAT, for each stand)

It's a lightweight construction made of aluminium with 50mm profile depth. The Light Line is solid and easy to move, store and transport. A double powder coating provides long lasting weather resistance against all elements. The sample product is a showcase of what is possible.

ALU-LIGHT LINE "VERTICAL"

ID: ALV_001

Width: 50cm

Height: 160cm

Weight: 7kg

Manufacturing Technology:

Laser welded aluminium with double powder coating

The rounded aluminium has no sharp edges and prevents injuries.

Available Colours: raw aluminium, white, black, red, green, blue, yellow (available any of RAL colour chart - individual pricing)

Price: 162€ (without VAT, for each stand)

PRACTICAL SINGLE STANDS

Enhance your show jumping training and competitions with this pair of durable, lightweight aluminium single standards. Constructed with solid aluminium and double powder coated for long-lasting weather-resistance, these standards are perfect for tournament and training parkours. They're easy to move and store for practical use.

ID: ALV_002

Available Colours: raw aluminium, white, black, red, green, blue, yellow

Weight: 4kg

Height: 160cm, 180cm (+20€)

Base: 60cmx60cm

Manufacturing Technology:

Laser welded and rounded aluminium with double powder coating.

Price: 100€ (without VAT, for each stand)

TRAINING STANDS

Improve your show jumping skills with this practical training double standard set. Constructed from lightweight aluminium, these standards are easy to move and store, making them ideal for both training and competition use.

Double powder coated aluminium ensures the durability against all conditions.

ID: ADS_012

Available Colours: raw aluminium, white, black, red, green, blue, yellow (available any of RAL colour chart - individual pricing)

Weight: 8kg

Height: 160cm

Width: 60cm

Manufacturing Technology:

Laser welded and rounded aluminium with double powder coating.

The rounded aluminium has no sharp edges and prevents injuries.

Price: 195€ (without VAT, for each stand)

ID: ADS_002

Available Colours: raw aluminium, white, black, red, green, blue, yellow (available any of RAL colour chart - individual pricing)

Weight: 8kg

Height: 160cm

Width: 60cm

Manufacturing Technology:

Laser welded and rounded aluminium with double powder coating. The rounded aluminium has no sharp edges and prevents injuries.

Price: 195€ (without VAT, for each stand)

ID: ADS_008

Available Colours: raw aluminium, white, black, red, green, blue, yellow (available any of RAL colour chart - individual pricing)

Weight: 8kg

Height: 160cm

Width: 60cm

Manufacturing Technology:

Laser welded and rounded aluminium with double powder coating. The rounded aluminium has no sharp edges and prevents injuries.

Price: 185€ (without VAT, for each stand)

LIGHT ALUMINIUM TRAINING JUMPS

Distinguished by their lightweight yet robust aluminum construction. Perfect choice for those, who begin their jumping adventure. Easily portable, storable, and maintainable, they are the ideal choice for various events.

Rounded edges for additional care of the horse and the rider. The double powder coating guarantees enduring weather resistance.
