

BRIDGE BATH AND FALL RECOVERY LIFT

Designed for individuals at risk of falling, such as the elderly and those with limited mobility, this innovative lift is an essential tool for enhancing mobility and independence.

Best for Bathing and Fall Recovery

315 LBS.
WEIGHT CAPACITY

26 LBS.
UNIT WEIGHT

120+ LIFTS
PER CHARGE

Adjustable Seat Height

The height adjusts from 3" to 20" via a waterproof remote, offering effortless lifting from the ground or the bottom of the tub.

Transfer Seat Flaps

The seat flaps offer a sturdy bridge-like surface making transfer in and out of the lift or the tub, a breeze.

Durable Construction

Built with alloy steel, the Bridge Bath Lift supports up to 300 lbs., providing reliable stability and comfort.

Anti-Slip Suction Cups

Six powerful suction cups, securely attach the lift to smooth, hard surfaces like tile, wood floors, and bathtubs, ensuring stability wherever you need it.
