**62KG**

PUMP UP TIME TO 100PSI:  
**1.20 - 1.25 MIN**

**880MM X 400MM X 670MM**

**WARRANTY**  
5 YEAR PUMP / 1 YEAR MOTOR

### Product Description

The P13 boasts an impressive compact design giving 240LPM of free air delivery on a 48L air receiver. Dual air outlets on this machine means an easy transition between direct tank pressure and a regulated outlet with a water trap (with auto drain) for use of air tools.

A powerful genuine 2.5HP motor runs the 2060V pump at super low revs keeping the noise down and also the temperature of the pump. Fitted with a domestic 10AMP power lead this full industrial machine packs a mighty punch.

### Specifications
