

P025 Oil-Less 350 LPM - Free Air Delivery

Features & Benefits

- Oil-less Technology
- Low maintenance required
- ET250 water trap filter regulator fitted
- Extremely quiet running noise
- Metal encased air filters
- Perfect for low voltage situations
- Certified & registered Pressure Vessel to AS1210
- Manufacturer Data Report available on request
- Fully copper wound
- Compressed air to AS4637-2006 standard (Free Air Delivery)
- Full range of spare parts and service kits available!
- Can be build on skid feet for stationary design

76KG

PUMP UP TIME TO 100PSI:
1.05 - 1.10 MIN

1100MM X 460MM X 730MM

WARRANTY
1 YEAR TOTAL UNIT

Air Tools

Able to run;

- Low & high pressure spray guns
- Car tyre inflation gun
- Stapling / fitting gun
- Framing nail / Grease gun
- Chalking gun / Riveter gun
- Screw driver
- 1/2" Ratchet gun / 1/2" Impact gun
- Air duster
- 4" Angle grinder
- 6" Orbital sander
- Air drill
- Engine cleaning gun
- Sand blasting gun
- Air hammer
- Hi torque 1/2" Impact gun
- 1/4" Die grinder

Moving forward with Oil-Less

The beauty of Peerless' Oil-less range is its super quiet running decibels and also its low maintenance costs.

Running at just 52 (+/-) dBA the fully copper wound motor/pump lets you focus on the task at hand without the annoying background noise. This low noise factor makes the Oil-less a great option for various work scenarios with greater noise restrictions. Oil-less air compressors are also becoming more and more popular in different service vehicles, especially with its compact and easy to use design.

Servicing

We have designed an easy yet comprehensive service kit in order to extend the life and efficiency of your oil-less air compressor.

Copper wound electric motors with 7AMP draw producing an outstanding air flow of free air delivery along with its super quiet motor at only 52dBa +/-2.

Ease of maintenance is what most trades want along with reliability, these machines won't let you down.

Recommended once a year or every 2000 working hours this easy to install kit contains all your major consumable items to service both cylinders on one pump / motor assembly (will need two kits for P025).

(1500W OIL-LESS ANNUAL SERVICE / 2000 HOUR SERVICE KIT)
