PUMP UP TIME TO 100PSI:
0.45 - 0.50 MIN

1230MM X 500MM X 900MM

ELECTRIC / KEY START:
OPTIONAL

WARRANTY
3 YEAR PUMP / 3 YEAR HONDA

Product Description

The PV25 is a V cast iron 9HP Honda air compressor. It gives a massive 545 litres of free air at 100PSI. It has a maximum operating pressure of 145PSI and out performs equivalent models on the market from 50 - 110 litres of free air.

This model is one of the most popular petrol models on the market and is ideal for a 2-3 man workshop. Being capable of running 3/4" air tools and also truck tyres this compressor packs a serious punch when you need something a step above the P17.

Fitted with a Conrader air operated idle system you will also be saving money on fuel while at the same time reducing wear and tear on your motor and pump.

Please refer to our flow chart when selecting a compressor that is right for you.

Electric start engine does come with battery leads but no provisions for battery.

Specifications

CODE	MODEL	CYLINDERS	PUMP DISPLACEMENT	FREE AIR DELIVERY	MAX PSI	MOTOR	PUMP TYPE	PUMP RPM	TANK (L)	PRICE (INC GST)

PV25 Petrol Twin Tank Belt Drive 545 LPM - Free Air Delivery

This slow revving Honda Petrol unit is designed for serious farm applications. The twin tank model is designed for better portability and stability in the back of vehicles.

The twin tank has been designed to lower the centre of gravity to ensure stability in the back of utilities and uneven ground. Electric start optional extra.

PUMP UP TIME TO 100PSI:
0.45 - 0.50 MIN

1300MM X 740MM X 910MM

PV25 Petrol Fat Boy Belt Drive 545 LPM - Free Air Delivery

This Honda Petrol unit is designed for serious farm application or tyre centres. A serious farmer's choice every time. This unit is capable of running a post hole driver at intermittent use. Electric start optional extra.

PUMP UP TIME TO 100PSI:
1.00 - 1.05 MIN

1300MM X 420MM X 900MM

PV25 Petrol 2" Tube Tank Belt Drive 545 LPM - Free Air Delivery

Peerless' unique design 2" Tube Tank compressor is far easier to transport in your vehicle due to it's low centre of gravity. With the performance of the 2" tube tank there is no down time on waiting for a receiver to fill, just instant pressure. If you lose pressure take your finger off the trigger and then you're back to full pressure again in no time.

PUMP UP TIME TO 100PSI:
-

1090MM X 420MM X 610MM

PV25 Petrol Under & Over Belt Drive 545 LPM - Free Air Delivery

The PV25P Under & Over is a favourite in the service industry. With the ability to run 3/4" Impact guns and very little recovery time back to full pressure this unit will save you time! Truck tyres are a breeze as well due to the powerful GX270 Honda motor.

PUMP UP TIME TO 100PSI:
-

750MM X 420MM X 1000MM
