SHIPPING INSTRUCTIONS

Call FedEx at 1-800-463-3339 to Schedule Your Free Pickup

1. When the automated greeting begins say, "Schedule a pickup."
2. When asked if your label has the word "stamp" on it, say, "Yes."
3. Your tracking number can be found on the Return Label.

www.DiagnosticSolutionsLab.com | RESEARCH. TECHNOLOGY. RESULTS.

STOOL COLLECTION INSTRUCTIONS

**- FOLLOW INSTRUCTIONS CAREFULLY -
IMPROPER COLLECTION MAY INVALIDATE RESULTS**

NOTE: Please review all instructions and collection kit components before starting your sample collection. DO NOT discontinue taking prescription medications unless directed by your physician.

Additional instructions for filling out the Test Request Form can be found at: www.diagnosticsolutionslab.com/patients/test-request-form-overview

1

Write the Patient Name, Date of Birth, and Collection Date on the Specimen Vial label.*

* Actual label may vary from image.

If possible, void urine prior to collecting stool to avoid mixing it with your stool sample.

2

IMPORTANT: Put gloves* on and pass stool into the Collection Tray.

* Wear gloves while collecting the sample.

3

DO NOT DISCARD THE PINK LIQUID IN THE SPECIMEN VIAL.

A) Using the spoon attached to the cap of the Specimen Vial, spoon stool from multiple areas of the sample into the vial.*

* Collect from at least 4 areas of sample.

B) FILL SPECIMEN VIAL TO ABOVE THE RED FILL LINE INDICATED ON LABEL.

Don't overfill. The cap should close without spillover.

Failure to add sufficient sample may result in the laboratory not being able to process the sample.

4

A) Carefully mix stool and fluid with the spoon attached to the cap.

B) Replace cap tightly and shake vial vigorously for 30 seconds.

NOTE: If spillover occurs, rinse the outside of the vial (with water only) after sealing.

5

A) Fill out the Test Request Form completely and place into the document pocket of the specimen bag.

NOTE: Be sure to write the date of sample collection on the form.

Incomplete information in the patient section will result in delayed testing.

Payment type must be completed and payment included to process sample.

B) Place the collected Specimen Vial into the specimen bag and seal the bag.

C) Place the Specimen Bag with the collected sample and Test Request Form into the Kit Box.

D) Ship completed Kit Box back to Diagnostic Solutions Laboratory using the pre-labeled Clinical Pak Mailer.

See important shipping requirements and instructions on the following page.
