

# Multi AirFrame

**The Kitle Multi AirFrame is a camping kit designed to fit behind the rear seats of your VW Multivan. With an easy installation process, your van will be adventure ready with passengers on board.**

The camping kit levels up your camping experience with a full 1.4m slide-out kitchen, onboard water system by Dometic, large drawer for storage or optional 35L fridge and a double bed when used with the folding double seats of a Multivan.

The Multi AirFrame allows for a quick installation, offering all the features of a fully equipped camper without the hassle of a custom build. Plus, the ability to remove the kit ensures your van remains adaptable for other uses.

Experience the innovation and craft of a Kitle campervan kit with the Kitle Multi AirFrame.

### Slide Out Kitchen

Unleash your inner chef with our 1.4m slide-out kitchen. Effortlessly prepare meals in the great outdoors, enjoying the convenience of a fully-equipped kitchen that slides out when you need it and tucks away when you're done.

### Chilled Essentials

Never compromise on fresh food and cold drinks. The Multi AirFrame accommodates a 35L portable camp fridge, with the Dometic CFX-35 as our recommended choice (sold separately). Keep your provisions chilled and ready for your next feast.

### Dometic Hydration

Stay refreshed and clean with our integrated water system. Featuring a rechargeable tap and two 11L Dometic Water Jugs, the Kitle Multi ensures you have a reliable water source wherever your adventures take you.

### Organized and Accessible

Store your crockery, essentials and cutlery in the thoughtfully designed slide-out kitchen and cutlery drawers. For the ultimate in versatility, our interchangeable storage box drawers double as everyday storage solutions when you're not in camping mode.

### Multiple Functions

Say goodbye to the days of rigid, single-purpose camp setups. Our innovative design allows you to quickly remove the fridge and kitchen when not in use, freeing up space for your everyday activities. Whether it's a trip to the shops or transporting sports gear, your Multi AirFrame has you covered.
