# MEASUREMENT GUIDE

Knowing which measurements to supply for your bespoke cushion can be a difficult, but we like to say 'the more, the better'!

Even if you can draw a diagram of the space/cushion and add dimensions to it, the more information we can get, the easier it will be to process your order. Below is a list of cushion shape options we can offer and the key measurements we will need.

### **SQUARE -**

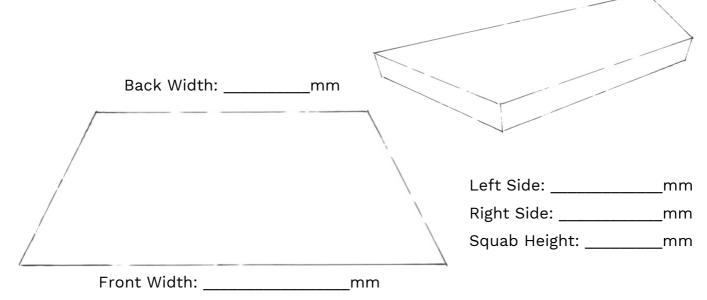

# MEASUREMENT GUIDE

Knowing which measurements to supply for your bespoke cushion can be a difficult, but we like to say 'the more, the better'!

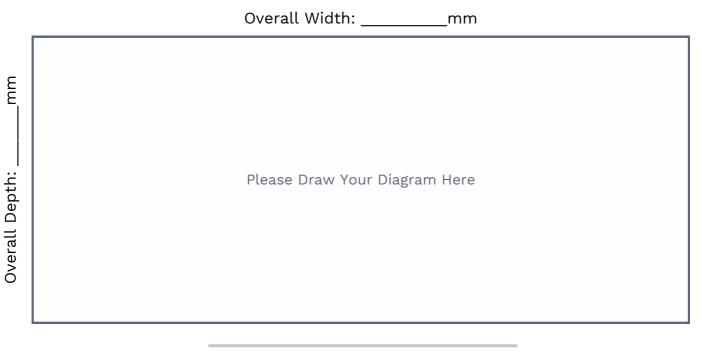

Even if you can draw a diagram of the space/cushion and add dimensions to it, the more information we can get, the easier it will be to process your order. Below is a list of cushion shape options we can offer and the key measurements we will need.

### TRAPEZOID -

#### **IRREGULAR** -

For Irregular Shaped Cushions - Please get the largest Width and largest Depth of the squab space, and send through an image of the space which the squab will be going into, and a diagram of the space if possible.
