CIGAR HOLDER

## The Stage V Clinger

Cigar enthusiasts finally have the “third hand” they always wished for as the Stage V Clinger cigar holder makes its way onto golf bags, snow blowers, chairs, grills, boats and just about anything you can imagine with the magnets and velcro straps. The industry’s most versatile and attractive cigar holder is now perfectly gripping cigars across the country so they are always lit and protected. Plus, the Stage V Clinger offers color and imprint customization for personal and business gifts and monogrammed presents.

Two childhood friends from Chicago, who always found time to enjoy cigars together on the golf course or camping, inspired the Stage V Clinger. Over time, the two founders became husbands, fathers and entrepreneurs so they’re hands were always tied when it came to looking for a clean, dry and safe spot to lay down their lit cigars. And so ignited the idea for a solid and convenient cigar holder, strong enough to hold up with their active lives.

### Cigar Holder

## How it Works

The Stage V Clinger is flexible and attaches easily to golf carts and bags, lawn mowers, boats, chairs, etc. to keep lit cigars intact and convenient. The sleek design allows cigar smokers to attach the holder to any vehicle or vessel that a magnet can mount to or a Velcro strap can wrap around. The ribbed handle is easy to grip and the light pressure spring keeps cigars and cigarillos of any size in place without a pinch or tear to the cigar.

## Customize for the Perfect Gift

The Stage V Clinger is customizable with a variety of color choices as well as personalization options with the gift recipient's name or business logo. The cigar holder is ideal for golf tournaments, bachelor parties, dads-to-be and gifts and for the everyday boater, griller, golfer, gambler, beach-goer, driver and traveler.
