## PRODUCT DESCRIPTION

Neplar® Soft 12 Oz is a tightly woven poly-cotton waterproof canvas fabric with a soft and supple hand. Made with multifold ring spun yarns, the polyester provides superior strength while cotton gives the comfort and luxury being a natural element.

The loomstate fabric is prepared and heat set before the proofing process. This gives dimensional stability to the fabric and controls shrinkage.

It is then treated with our superior impregnation treatment that locks in the waterproofing, water repellent, anti rot and mildew properties.

The fabric also has high UV resistant properties which helps facing continuous, direct sun.

The treatment is non toxic and does not cause any discomfort or allergies.

## APPLICATIONS

Safari Tents | Glamping Tents | Luxury Tents | Festival Tents | Trailer Tents  
Swag Tents

## COLORS

• Custom colors available on request.

## PACKING DETAILS

### WIDTH

60 INCH | 152 CM  
80 INCH | 203 CM

### SELVEDGE

FRINGE & ULTRASONIC SLIT

### ROLL LENGTH

44 YARDS | 40 METERS

## FEATURES

Water Repellent

Mildew Resistant

Waterproof

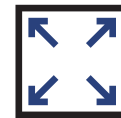

Breathable

Color Fastness

UV Stable

Dimensionally Stable
