PRODUCT DESCRIPTION

Zonra® R 12 Oz is a 100% polyester waterproof canvas fabric. It is characterised by excellent strength, durability, abrasion resistance, UV and mildew resistance. The ripstop weave further adds high tear resistance to the fabric. Being heat set at its loom state stage, the fabric is dimensionally stable with shrinkage control. It is then treated with our superior impregnation that gives the fabric waterproofing, water repellency, anti rot and mildew properties.
