## Transform Your Space with Lamet's Versatile Solutions - not just flat but formed

Revitalise any environment effortlessly with Lamet products, a perfect choice for rapid on-site installations that minimise downtime. Our offerings are highly sought after in various settings—be it hotels, retail spaces, washrooms, student accommodations. The lightweight and ultra-thin characteristics make Lamet products a preferred option for any commercial use.

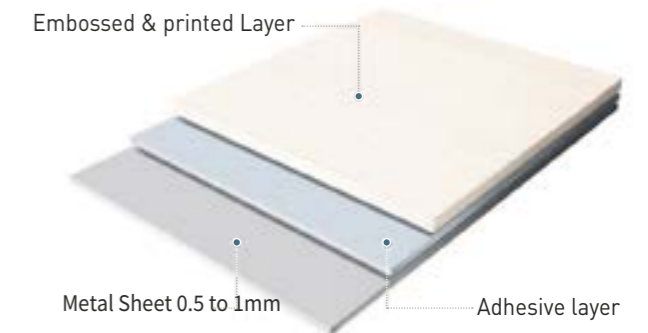

Lamet provides an expansive array of effects, ranging from solid colors and metallics to leather, fabric, and natural textures like wood, stone, and marble. Our innovative, patent-pending application process ensures quick and flawless installation on an array of surfaces, even those with intricate details or 3D elements. Experience the perfect blend of flexibility and durability, only with Lamet.

## Product Structure

Our stretchable architectural film is a printed film with adhesive

1. Embossed & printed film layer (vinyl-chloride plastic)
2. Simplified adhesive (acrylic plastic)
3. Metal Sheet 0.5mm standard up to 1mm

The above is a representative structure of the Lamet product. The embossed and printed layer may be slightly different for each series.

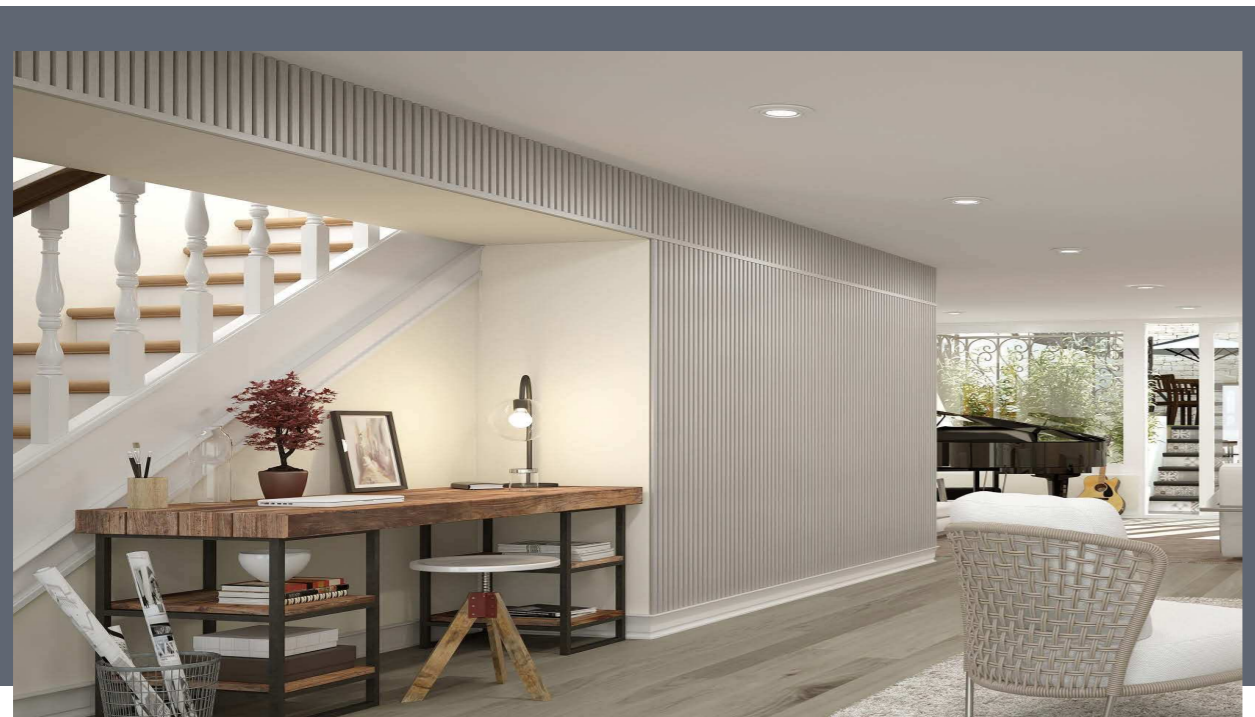

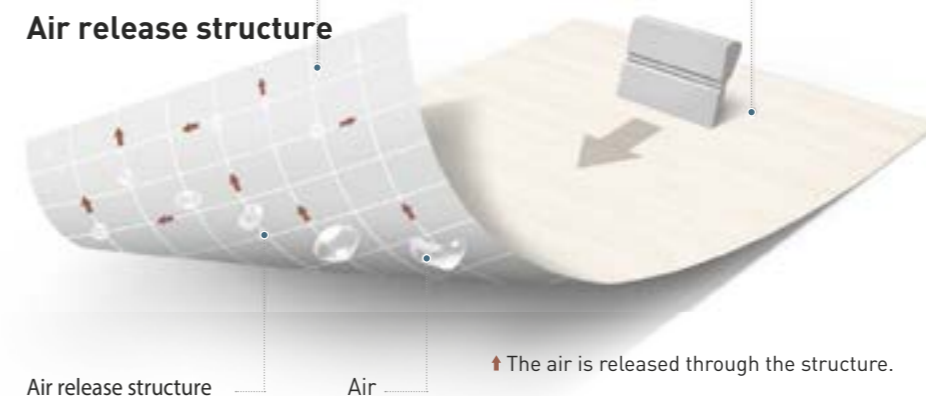

## Easy and quick to install

Our ready-embossed and printed layer surface features grid grooves that facilitate air-release between the film and the metal. This ingenious design allows for quick and straightforward application on both large and intricate surfaces. The grooves ensure that any trapped air is released as the film adheres to the metal, resulting in a higher-quality finish. Plus, with our products coming pre-laminated, you can complete your installation in mere minutes. And rest assured, as long as the provided dimensions are accurate, the precision of our manufacturing process ensures a perfect fit with an accuracy of 0.5mm.

EA Type adhesive layer

## Air release structure

## Essential Collection: Elegance Within Reach

Our Essential Collection delivers high-quality and style in a cost-effective manner, suitable for various applications such as walls and furniture. With durability extending up to 5 years and permanent adhesive options, this collection offers a refined transformation for your interiors.

## Signature Collection: The Epitome of Luxury

Indulge in the exceptional quality of our Signature Collection, designed for those who demand nothing less than the best. Offering a broad range of customisation options and a durability that stands the test of time—up to 10 years—this premium collection sets the standard for luxury and elegance.
