

## ACTIVATION INSTRUCTIONS FOR THE AETHER CHARGER

The Aether Charger contains a single mode... Charger Mode.

**Charger Mode:** works to purify, enhance and strengthen any liquid within the container, and also applies the AetherX Transcendental codes for “Healing mode” within the liquid. This will allow healing to be performed on your organs, glands, bodily systems, and energy system as you drink the liquid from your container. You will start to feel the difference as the codes enter the body performing the healing mode effect.

Your Aether Charger comes deactivated when you receive it. When you receive your Aether Charger and wear it, place any hand on the symbol upon the apparel item to begin activation...

### **STEP 1: Charger Mode**

Place any hand on the printed symbol upon your Aether Charger.

State the following either out loud or in your mind with the thought:

“Activate CHARGER mode.”

Exhale slowly for approximately 2-3 seconds after you have issued this command. This is so you can flow your life force energy (prana) through the symbol, and it will work with your life force energy and perform all actions when it is activated using residual life energy stored in your solar plexus to accomplish all tasks commanded into your container. All healing experiences you encounter through the container are always through your own life energy.

### **STEP 3: Amplification (Optional)**

Optionally, you have the ability to amplify the intensity of the Aether Charger item’s function by placing your hand on the symbol and stating the following out loud or in your mind with the thought:

“Increase amplification by (desired) percent.”

(The Aether Charger by default is at 0% amplification. You can raise the amplification between 1-100% in scale)

You can also decrease the amplification, placing your hand on the symbol and stating out loud or in your mind with the thought:

“Decrease amplification by (desired) percent.”

And, if you wish to deactivate amplification, placing your hand on the symbol and stating out loud or in your mind with the thought:

“Turn amplification off.”
