

INSTRUCTIONS FOR THE ORGONITE PYRAMID 3D ARRAY

The AetherX Orgonite Pyramid 3D Array requires activation once you receive it in the mail.

To activate the Orgonite Pyramid 3D Array, simply place either hand upon the pyramid and say either aloud or in your mind, “Activate”, and the 3D Array will immediately begin working to bring Source Vibration to you, your household and your environment.

You can also amplify or reverse amplify the Orgonite Pyramid 3D Array by place either hand upon it and saying “Increase (or decrease) amplification by (desired percent).” The scale of percentage can go from -99% all the way up to 100%.

Once you have activated the Array, place it on a table or stand for environmental healing of your space, or upon your body as the Orgonite Pyramid 3D Array is designed to rejuvenate your body and your space together. The transcendental codes and Source Vibration will work immediately penetrating your energy field and the energy of the space. The Orgonite Pyramid 3D Array contains similar codes to the Torus Bed Kit and will assist in the rejuvenation and refining of your organs, glands, blood circulation, bodily systems, chakras and your energy system.

Its environmental transcendental codes are similar to the Safeguard technology. This means that the Array can dampen your entire space transmuting EMFs (electromagnetic fields), ELF's (Extreme Low Frequencies), Toxicities within the air and in your water, and if placed near light switches or electrical plugins, it will emit the Source Vibration through your home's lighting systems giving you the purity of Source Vibration by simply having light shone upon you!

The Orgonite Pyramid 3D Array contains the 3D Array Sticker that gives the Orgonite Pyramid it radiance of source vibration within the internal makeup of the item itself. Please do not remove the sticker from its base or that will prevent the Orgonite Pyramid from using its codes to harmonize your space, yourself, and your household.
