I am incredibly pleased to introduce the second card deck in the Healing Code Cards Series: The Mind Deck.

Like its predecessor, the Body Deck; the Mind Deck is a spiritual technology that contains 36 living cards. They contain the essence of Spirit/Source energy and are imbued into each card While I am in an altered state of consciousness. In this state, I command the Spirit/Source energy through affirmations depositing those commands directly into the sacred geometry contained upon each

3

card. This geometry acts as a container holding the Spirit/Source energy permanently into each Healing Code card.

These cards do not need to be energetically cleaned in any way. The Spirit/Source energy is a permanent charge, and if each card is completely intact, it will work exactly as designed.

The role of the Mind Deck is to be in assistance with clearing out negatively oriented toxicity on an emotional and mental level. Like its predecessor, the Body Deck; the Mind Deck is designed to target mental and

4

emotional areas within and around the physical body to clear out debris and toxicity created from thought and emotional states within our minds bringing rejuvenation, purification and amplification to a harmoniously sound and restored mind.

Most people on the planet contain heavy buildups of mental and emotional strain. This is due to us having little mental and emotional discipline where we ignore our thoughts and feelings causing a cascade of emotional/mental debris that accumulates heavily overtime.

5

We become drained, highly emotional and victims of addiction through fragile mental states. As this culminates throughout the years of our lives, the mental and emotional body creates energetic blockages that manifest themselves as bodily obstructions leading into illnesses, injuries, and chronic conditions. Our bodies become a mess and our natural life force cannot flow through our bodies properly. This is what leads to the development of a pain body. To rectify it, we require the cooperation of our mind to re-align the emotional and mental

6

fractures within ourselves. This is the purpose of the Healing Code Cards: Mind Deck.

This instruction booklet will give you a brief overview on the type of cards included within this deck and how to use them. The process is astoundingly simple, and it brings profound results when you use these cards daily.

First off, you can use as many cards within the deck as you like daily if the energies within the cards are not overwhelming you. Some people are highly sensitive to energies, and if you are one of them, please take it slow and work with one card

each day. If you are feeling overwhelmed energetically, put the cards aside, drink a glass of water and ground yourself by walking in nature, sitting by a tree, perform deep-breath meditation or use earthing mats/technology to assist. Your body needs time to process the energy you're receiving, so be sure to give yourself the time you need if you are sensitive.

How to Use the Cards

All cards, except the Manifestation Enhancer Card (explained below), works in the same flow to deliver the

8

Spirit/Source healing codes directly into your body emotionally, mentally, and physically. Overall, the healing codes are designed to neutralize stagnant vibrations of energy within a specific area of the body based on the card in question and replace them with harmonious vibrations of energy. In other words, chaotic energy is removed, and pure energy takes its place.

There are three types of methods that you can use either by themselves or

together when working with the Healing Code Cards. The choice is yours as all three work equally well.

The first method is known as the “**Gazing Method.**” When using the card of your choosing, hold the card up approximately one foot (12 inches) from your face. Focus on the center of the card as you gaze at it for a total of 60 seconds. 60 seconds is the minimum amount of time needed for the healing codes to enter your body’s energy

field. This is known as the “60 second rule”.

The second method is known as the “**Charging Method.**” Using the 60 second rule, lean your card(s) over a cup of water, juice, tea, etc. The cup can be of any material. After 60 seconds, remove the card(s) and sip your beverage. You can place multiple cards around the cup. As you sip, the healing codes enter your body and deliver immediately into the area(s) of the body targeted.

The third method is known as the “**Body Method.**” This involves taking card(s) and placing them anywhere upon your body (Head, neck, chest, abdomen, etc.) Keep them upon your body for at least 60 seconds, or you can keep them on for even longer if you wish.

Talking to the Cards

Yes, the cards have their own spiritual intelligence. As I mentioned earlier, the cards are alive. You can communicate with the cards either vocally within your mind or aloud instructing them on what you

would like a particular card to do for you. For example, you may want the Body System Releaser card to work only on your nervous system. Or the Psychic Sense Enhancer to work only on your Clairvoyance. Communicate this directly to the card as you gaze at its center and then use any of the three methods of your choosing for the Healing Codes to go to work.

****The Manifestation Enhancer*** works differently from the other cards as its purpose is to function only as a charging Spirit container for your intended manifestation. Through the Manifestation

Enhancer, you can communicate your manifestation to it by gazing at its center sending your thought or intention spoken aloud and then holding your gaze for 60 seconds.

Optionally, You can write your intention down on a small piece of paper, communicate it to the card by thought or speaking aloud and placing the card down face-up with the piece of paper placed at its center. You can leave it upon the card for 60 seconds or longer. Once you have completed the manifestation

through the card, instruct the Manifestation Enhancer either by thought or spoken word to clear your previous manifestation so that you can use it again for a new manifestation.

Amplifier Cards

5x Amplifier

10x Amplifier

20x Amplifier

These cards work on every card (One card at a time) to give it a greater amplification effect. To use, place the desired Amplifier card directly BEHIND the single card of your choosing to deliver

an automatic amplification effect. These cards are programmed to work with only one card at a time. The Amplifier cards should not be used if you're highly sensitive energetically to the Healing Code Cards in their natural state.

It's recommended for Amplifier Cards to be used in printed form for best results. They can, however; be used on a digital device if a printed Healing Code card is placed ovetop of the display screen to receive the amplification effect.

Final Note

The Healing Code Cards: Mind Deck are an additional tool for your healing journey. They are not intended to replace your doctor or health practitioner. They are therapeutic in nature and can lend a helping hand in helping to build a sound body and mind through both the Healing Code Card decks: Body and Mind.

The Healing Code Cards are designed to assist in compliment with adults, children, and animals. For young children and animals, I would recommend working with the “Charging Method” so that they

may receive the full effect of the healing codes.
