

Colorado Brewing Systems, LLC

Product Warranty Information

Effective for orders placed on or after 3/1/2019

Fermenters and Brite Tanks

All Fermenters and Brite tanks (jacketed and unjacketed) are covered for a period of **7 years from the date of delivery**. The warranty will cover parts and labor for any issues related to manufacturing or material defects of the main tank body, glycol jacket (if applicable), manway, pressure gauge, pressure/vacuum valve, CIP spray ball, carbonation stone and thermowell.

Not covered are items that might be used in various places around a brewery. This includes tri-clamp gaskets, tri-clamp clamps and valves. Normal wear and tear, including dents, scratches and damage due to misuse, intentional or unintentional damage or lack of cleaning/maintenance are not covered.

The warranted requires that on jacketed tanks a pressure relief / bypass be installed on the glycol lines from your chiller to prevent over pressurization of the outer glycol jacket and the system is plumbed in according to Colorado Brewing Systems specifications. No coverage will apply to over pressurization of the jacket by the end user.

Brewing Systems, Keg Washers, Control Panels

All beer brewing systems, keg washers and control panels are covered for a period of **one year from the date of delivery**. Warranty covers any defect in material or workmanship including electrical components within the control panel, electric solenoid valves, kettles and baskets, elements (unless dry fired),

Not covered are items that might be used in various places around a brewery. This includes tri-clamp gaskets, tri-clamp clamps and valves. Normal wear and tear, including dents, scratches and damage due to misuse, intentional or unintentional damage or lack of cleaning/maintenance are not covered.

Products sold by, but not manufactured by Colorado Brewing Systems are covered by their manufacturers warranty.
