

Streamline Wallplates 86 x 86mm (Unloaded)

molex

The stylish unloaded Streamline Wallplates were designed specifically to accept the Datagate Connector. The unloaded Streamline Wallplates are available in 1,2&4 port variants, to co-ordinate with any decor and any installation size. The Wallplate kit comes complete with screws, Datagate Jacks must be purchased separately.

The Enhanced Category 5, Category 6 UTP and Category 6A FTP Datagate Jack are available in several colours and are made from rugged PC/ABS plastic. The Jacks are UL listed and come complete with integral shutter for protection against dust ingress.

Modular designed Streamline wallplates can be separated to base, jack holder and cover. Holder can be unloaded directly from front side of base, no need to unscrew the mounting screws, easy for future maintenance and management.
