

Sciaire Pro Ceiling Commercial Air Purifier

Introducing the Sciaire Pro Ceiling - a powerful commercial air purifier with bipolar ion generating technology and an H13 true HEPA filter. It efficiently purifies air, removing pollutants as small as 0.3 microns and odors. The bipolar ion generators along with the HEPA filter eliminate secondary pollutants, extend the filter's lifespan, and reduce maintenance costs. The motor circulation system disperses ions for continuous air purification. Clean and purify your space effortlessly with Sciaire Pro Ceiling.

SPECIFICATIONS

MODEL NUMBER	CAHP-35WH17Pro
INPUT VOLTAGE	120-277V, 50/60Hz
POWER CONSUMPTION	38 Watts
NOISE	52dB
MATERIAL & FINISH	Metal, matte white
DIMENSIONS	47.76" x 23.74" x 7.05" (1213 x 603 x 178mm)
NET WEIGHT	23.37 lbs (10.6 kg)
AIR FLOW	223CFM (380m ³ /h)
FAN SPEED	2 speeds: high speed & silent mode

INDICATOR	Solid green: high speed mode Solid blue: silent mode Flashing blue: filter replacement Flashing red: motor error
CONTROL METHOD	Wall switch
INSTALLATION	The device is equipped with a rotatable hook for easy installation on the keel of the roof and can be hung directly without screwing.
APPLICATIONS	Education, health care, self care, shopping, activities, hospitality
CERTIFICATION	ETL, cETL, UL867, FCC, IC, EPA Est. No. 99117-CHN-1, CARB

DIMENSIONS NOT TO SCALE
