

# Sciaire Pro + HEPA Commercial Air Purifier

The Sciaire Pro + HEPA utilizes two advanced technologies for precise air purification. It employs bipolar ion generators to actively clean the air by emitting negative and positive ions. The HEPA filters and activated carbon filters efficiently remove particles as small as 0.3 microns and absorb harmful chemicals like formaldehyde, smoke, volatile organic compounds (VOCs), and other noxious gases. This device offers a comprehensive and efficient solution for purifying the air in large spaces, ensuring cleaner and healthier environments.

## SPECIFICATIONS

<b>MODEL NUMBER</b>	CAHP-180WH10CPRO	<b>FILTER REPLACEMENT CYCLES</b>	2-in-1 HEPA filter 12 months, Activated carbon filter 6 months
<b>INPUT VOLTAGE</b>	100-240 VAC 50/60 Hz	<b>SAFETY</b>	Safety lock prevents accidental touch
<b>POWER CONSUMPTION</b>	230 Watts	<b>INSTALLATION</b>	No installation needed, easy plug and play
<b>FAN SPEED</b>	3 Levels (1/2/3)	<b>CADR</b>	Smoke 665.15 CFM Dust 674.85 CFM Pollen 703.04 CFM
<b>TIMER</b>	4H/8H/12H	<b>SUGGESTED ROOM SIZE</b>	Up to 1935 sqft *2.5x air exchange per hour
<b>COMMUNICATIONS</b>	Wi-Fi enabled □ DH Lifelabs App	<b>APPLICATIONS</b>	Commercial buildings, education, health care, hospitality, retail
<b>NOISE</b>	43~59 dB	<b>CERTIFICATION</b>	UL867, cUL, FCC, IC, UL2998, EPA EST. NO 99117-CHN-1, CARB
<b>MATERIAL &amp; FINISH</b>	Glossy white, stainless steel accents		
<b>DIMENSIONS</b>	36.50" x 23.66" x 14.57" (927 x 601 x 370 mm)		
<b>NET WEIGHT</b>	67.68 lbs (30.7 kg)		

### DIMENSIONS NOT TO SCALE
