

SilentAire Round 24" Air Purifier

Introducing our advanced air purifier, combining bipolar ion generation and IFD (intense field dielectric) technologies. Breathe cleaner air as positive and negative ions disperse into the space and neutralize harmful particles. The IFD technology enhances purification efficiency, ensuring comprehensive removal of the pollutants. Ideal for gyms, warehouses, big box retailers, and factories, our purifier provides high-quality indoor air for employees and customers. With intelligent air circulation, it offers an eco-friendly and energy-efficient solution for a healthier living or working environment. The unit covers up to 1,378 square feet at the height of 32 feet.

SPECIFICATIONS

MODEL NUMBER	SAP-PL-R24-MV-BK (Black) / SAP-PL-R24-MV-WH (White)
INPUT VOLTAGE	120-277V
POWER CONSUMPTION	100 Watts
NOISE	65dB
MATERIAL & FINISH	Matte black or white finish
DIMENSIONS	18.1" x 23.9" (460 x 608 mm)
UNIT WEIGHT	35.2 lbs
AIR FLOW	735CFM
RATED LIFE	50,000 hrs

SUGGESTED ROOM SIZE	1,378 sqft per fixture
CONSTRUCTION	Durable, aluminum (AL) housing, easy removable dust filters to rinse & clean
LOW TEMP / MAX TEMP	-40o C (-40° F) / 45° C (113° F)
INSTALLATION	Two mounting options: chain suspension (included) can be mounted by 1.1" stem (not included). Recommended 32ft mounting height
APPLICATIONS	Gyms, warehouses, big box retailers, factories
CERTIFICATION	ETL, cETL, FCC, CARB compliance, UL Damp

DIMENSIONS NOT TO SCALE
